PRODUCTS, INC.

LIFT & TURN LATCHES

GEM PRODUCTS IS THE LEADING MANUFACTURER OF
QUALITY STAINLESS STEEL HARDWARE FOR MARINE APPLICATIONS AND MORE!

GEM Latches are one of the most popular and prestigious parts known throughout the industry. They have proven to be one of the most highly demanded and visually noticeable parts on your boat.

NEW LIFT & TURN COMPRESSION LATCHES

Our new line of Lift & Turn Compression Latches are sure to be an eye catching piece for your application. With over 48 unique part numbers to suit your needs we have devised a simple numbering system to help you quickly determine which options are available and help you figure out the part number you need. Simply replace the colored digits/numbers with the corresponding number of the option you desire.

Latch Size

4024 = 2" Latch

4030 = 2.5" Latch

Cam Option

- 1 = Short, High Offset
- 2 = Short, Med. Offset
- 3 = Short, Straight
