## TranquiLatch

NEW

GEM#	SIZE (L)	FASTENERS (QTY)
1346	3"	#6 (6)
1347	3 1/2"	#6 (6)
1348	4"	#6 (6)

There is nothing more distracting from a great day on the water than a latch that rattles. Our new TranquiLatch was designed to reduce this vibration with the integration of rubber friction rings and a nylon ball and socket.

- 316 cast stainless steel
- Rubber friction ring on both the hooked catch and straight storage catch, to reduce vibration and rattling
- Nylon ball and socket to reduce vibration and rattling
